# GUIDANCE NOTES

Managed house bars for sale on behalf of the Barracuda Group, offering a broad appeal.

**Premises** - A mixed portfolio of freehold and leasehold properties where the leases are available on assignment terms, dependent on covenant strength. The original leases, the majority of which are on a free-of-tie basis, have varying terms with 5-yearly rent reviews. Copies of the leases are available to interested parties upon request.

**Trading details** - The sales figures quoted are net of VAT for the years ending September 2008, 2009 and 2010. Further headline trade information may be available to interested parties upon request.

**Trade fixtures and fittings** - The trade fixtures and fittings are included in the sale with the exception of the electronic till systems, any badged items and any items which are subject to lease or hire-purchase agreements. All beer raising/monitoring equipment remains the property of the supplier. In addition, where branded, the premises will be required to be renamed with all external and internal signage removed upon completion.

**Stock and glassware** - Stock and glassware is to be purchased at valuation upon completion.

**Licensing information** - All premises have the benefit of a Premises Licence granted by the Local Authority. Properties serving alcohol must have a designated premises supervisor who is the holder of a Personal Licence. Prospective purchasers are advised to take appropriate specialist advice, particularly if they do not currently hold a Personal Licence.

**Barrelage information** - The quoted barrelage figures are for draught and packaged beers, lagers and ciders and are for the period October 2009 to September 2010. These figures are for indicative purposes only and cannot be warranted.

**Staff** - All staff (where applicable) will transfer with the business in accordance with the Transfer of Undertakings (Protection of Employment) Regulations 1981.

**VAT** - VAT, if applicable, will be charged at the prevailing rate on any premium, including the trade fixtures and fittings.

**Rates** - Rates payable are calculated in the UK by multiplying the Rateable Value by the Uniform Business Rate which is currently 40.7 pence; this does not allow for any adjustments including any relief or transitional adjustment that the business is entitled to. The majority of 2010 Rateable Values are under appeal by Barracuda Group.

**Viewings** - No direct approach is to be made to either the premises, managers or their staff. All appointments are to be made by prior arrangement through the relevant Christie + Co office.

**Guide prices** - All guide prices, where quoted, are indicative and in many instances we expect to exceed these figures. All offers are to be submitted directly to Christie + Co on a fully completed offer form available from any Christie + Co office or downloadable from the website [www.christie.com/barracudaoffer](http://www.christie.com/barracudaoffer).

specific fittings. Promap site plans, dimensions, areas and capacities, where given, are approximate and should be verified by the intending purchasers.
